### **Christy A. Russell, MD**

Vice President US Medical Affairs

Exact Sciences

Dr. Russell received her medical degree from the Medical College of Pennsylvania in Philadelphia. She completed a residency in internal medicine in Phoenix, Arizona and a fellowship in hematology/oncology at the Los Angeles County/University of Southern California (LAC/USC) Medical Center in Los Angeles. Dr. Russell joined the USC Department of Medicine faculty in 1986. She remained on the faculty for 31 years and served in many capacities including the Director of the USC/Norris Breast Cancer Center and Co-Chair of the USC Comprehensive Cancer Center Data Safety Monitoring Board.

Dr. Russell joined Genomic Health as the Senior Director of US Medical Affairs in January 2017 and transitioned to Vice President US Medical Affairs in August 2021.

Dr. Russell is a member of the American College of Physicians, American Society of Clinical Oncology, European Society of Medical Oncology, American Society of Breast Surgeons, and American Association of Cancer Research.

### **Stephen F. Sener, MD**

Department of Surgery, Keck School of Medicine of USC. Chief of Surgery, and Director Perioperative Services, LAC+USC Medical Center Editor-in-Chief, *Journal of Surgical Oncology*.

Professor of Surgery in the Division of Breast, Endocrine, and Soft Tissue Surgery at the Keck School of Medicine of the University of Southern California (USC), and Chief of Surgery and Medical Director of Perioperative Services at LAC/USC Medical Center in Los Angeles, CA.

Prof. Sener has been the Editor-in-Chief of the *Journal of Surgical Oncology* since 2013. He also is significantly invested in education, currently serving as an associate program director of the USC General Surgery Residency (2015-present) and as former program director of the USC-Hoag Breast Surgical Oncology Fellowship (2009-2020).

His recent clinical research has focused on the care of breast patients in a large urban safety net medical center, including work on de-escalation of axillary surgical management after neoadjuvant chemotherapy.
